### Additional information

<b>Installation method</b>	Placed on base legs, we recommend also securing the cabinet to the wall. If the cabinet includes pull-out inner drawers, wall mounting is required.
<b>Materials</b>	Chemical cabinets are made of P5-grade particle board with high-pressure laminate surfaces, resistant to moisture and capable of bearing load, and the base legs are made of powder-coated steel. The cabinet features stainless steel hinges.
<b>Colour</b>	The doors feature a yellow safety color, the frame is dark grey, and the base and interior are white.
<b>Ventilation</b>	Air vent $\varnothing$ 125mm centrally located on the top of the cabinet. Airflow calculation: 10 times the cabinet volume per hour.
