K15IVJ

Chemical cabinet with a pull-out door, ”Reagent cabinet”.

Product information

The top, bottom, and middle drawers open together with the pull-out door, with two inner drawers in between. The drawers feature stainless steel drawer slides and polypropylene drip trays.

Fitted with general warning labels. Also available with a lock.

Standard dimensions:

- Width: 300, 400 mm
- Depth: 580 mm
- Height: 1850 mm, overall height 2100 mm, including 250 mm high steel base legs

Materials:

- Cabinet: P5-grade particle board with high-pressure laminate surfaces
- Base: powder-coated steel
- Stainless steel hinges

Colour:
The doors feature a yellow safety color, the frame is dark grey, and the base and interior are white.

Ventilation:
Air vent ø 125mm centrally located on the top of the cabinet. Airflow calculation: 10 times the cabinet volume per hour.

Installation method:
Placed on base legs, we recommend also securing the cabinet to the wall. If the cabinet includes pull-out inner drawers, wall mounting is required.
