ASECOS safety cabinets

Chemical and safety storage cabinets

Our selection includes high quality safety cabinets from German manufacturer Asecos.

Asecos is the world's leading manufacturer of safety storage cabinets in accordance with the European standard DIN EN 14470 Part 1 and Part 2. Depending on the model, the cabinets for storage of hazardous materials are available with numerous interior equipment variants, colours, door variants as well as different cabinet widths and heights.

Type-tested fire resistance of fire-resistant hazardous material cabinets depending on the model group: 90 minutes (type 90) or 30 minutes (type 30).

You can find more information about the products in the manufacturer's [online catalog](#). The manufacturer's [product configurator](#) will help you find the right solution.

Our experts will help you to find the best solutions.
