

## OPPILab Teach Pro

Movable teaching fume cupboard for more demanding use

- A movable fume cupboard, for example, to follow a teacher's demonstration.
- All walls of the fume cupboard are transparent safety glass.
- Suction takes place from the top and from the base surface along the entire width.
- The height can be adjusted manually or electrically.
- The worktop material is acidproof steel or ceramic.
- Equipped with LED lights and sockets for greater usability.
- The fume cupboard has an optimally designed front edge, continuous handle and side profiles to optimize air flow.
