

OPPILab reagent cabinet

- The OPPILab reagent cabinet is based on the VISULab collection, and it's been designed specifically for the storage of chemicals used in science classrooms.
- The ventilated cabinet has 3 drawers that open as the door is opened, with 2 inner drawers in between. All drawers have polypropylene containment sumps.
- Equipped with the necessary warning signs.
- For Standard solutions we have selected high-quality and most commonly used options in terms of dimensions and materials.
- Custom solutions are always tailored to the customer's needs.
