Cold water tap, with handle above the tap and fixed spout

Fixed cold water tap mounted on the worktop. (Product code: BRKVY-200)

- Easy-to-use cold water tap with a top-operated valve.
- The horizontal dimension of the spout is 200 mm, equipped with a hose nozzle.
- The tap includes flexible 700 mm inlets with 1/2″ female thread. Pressure-sleeve also possible.
- The tap's surface material is highly resistant to chemicals used in a laboratory.
- The tap is also available in other variations, such as tap with wrist lever handle. Ask more from our experts.

We especially recommend the handle above the tap for workstations, where are many front-operated taps next to each other.
