

VISU EQ Equipment Station

Ergonomic and high-lifting capacity equipment station

- Ergonomic and high-lifting capacity equipment station for special needs.
- Particularly well-suited for liquid chromatography.
- The upper level, lower level, and optional additional level form a compact unit for equipment placement.
- Electric height adjustment with 3 memory positions as standard.
- The worktop comes with perforations for neat and safe routing of tubes.
- Easily movable with locking casters as standard.
- Acid- and chemical-resistant solid laminate worktops along with a streamlined design ensure easy cleaning.
- For standard solutions, we have selected high-quality, commonly used dimensions and materials.
- Equipment power cables and additional worktops are available as accessories; for more information, please refer to the features tab.
- Custom solutions are always tailored to the customer's needs.

Standard
