VISU chemical cabinet

For the storage of acids, bases and toxins

- VISULab collection offers the air-conditioned chemical cabinets for the storage of acids, bases and toxins.
- Cabinets are made of P5-class chipboard with a high-pressure laminate-coated surface that can withstand high loads and humidity. The base is made of powder coated steel. The cabinet has stainless steel hinges.
- For Standard solutions we have selected high-quality and most commonly used options in terms of dimensions and materials.
- Custom solutions are always tailored to the customer's needs.

Feel free to contact us, we will design suitable solutions together!

Standard
