VISU ProLight

LIGHTWEIGHT, AFFORDABLE AND PRACTICAL

TECHNICAL TYPE DRAWING, EXAMPLE

- **Practical** – ProLight fume cupboard can be placed on an existing table, right where it is needed. The LED lighting works automatically.
- **Affordable** – Simple and cost-effective structure.
- **Ergonomic** – ProLight can be equipped with its own manually or electrically height-adjustable stand, to which sockets are also available.
- **Safe** – The air suction is on the full width of the fume cupboard on upper and lower edge of the inner back wall. Structures are easy to clean.
- **Easy to set up** – Easy to move into place and thanks to the easy-to-connect socket plug, no electrical work is required for installation.
- **Ecological** – Designed and manufactured responsibly in Finland, made to last for decades.

DIMENSIONS AND MATERIALS

Standard widths	900, 1200 and 1500 mm
Worktop depth	600 mm
Total depth	700 mm
Total height	1670 mm measured from the top of the base with the glass open.
Height adjustment	Manual 750–900mm, Electrical adjustment 750–1000mm.
Worktop material	High-pressure laminate.
Side wall materials	Powder coated steel.
Front wall	inclined laminated glass.
Back wall materials	Powder coated aluminum.
Frame	Powder coated steel / high-pressure laminate-coated, humidity-resistant chipboard. Also available with a fully metal structure.

According to the order

Internal storage	Reservation for the back-wall rods, 4 pcs of back-wall rods made of acid-proof steel. Perforated shelves made of acid-proof steel, available also with height adjustment.
Sockets	2 pcs, IP21 or IP44 in the base.
By order	Ask more from our experts.

Fume cupboards are delivered, if so agreed, installed in place, ready to be connected to building services systems. The fume cupboard must be connected to a separate exhaust air duct. The water supply, drainage, gas and electricity work must be performed by professionals. An automatic air flow alarm and control system can also be included in the delivery.

VISU fume cupboards are always equipped according to the customer's needs.

**Feel free to contact us and we will
design suitable solutions together!**
